

CHETCO COMMUNITY PUBLIC LIBRARY

APPLICATION FOR DISPLAYING ART AND PRIVATE COLLECTIONS

The library displays a variety of artists' work as well as private collections of crafts, hobbies and memorabilia. This application will allow the display committee to gather a file of the work of interested artists and participants.

In order to ensure a balanced variety of items in our show calendar, we request that you submit a sample photograph of your art or collectibles, if possible. Photos will remain the property of the display committee and will be kept on file.

Please submit your profile and photo to any staff member at the library. You will then be contacted by the display committee which reserves the right to make final decisions about items to be exhibited and the arrangement of the display.

The library will, of course, exercise all care in display of your work.

The committee greatly appreciates your interest. If you have any questions, please call Display Committee members Stuart Watkins at (541) 469-4411 or Susana at (541) 469-7738.
